# FINAL WORKING DESIGN

**Surfacing**  
replace the cracked concrete flagged surfacing at the entrance to the memorial with reclaimed stone flags to tie in with other surfacing in the Town Square

**Interpretation**  
existing information panels to be replaced and upgraded

**Seats**  
existing seats to be fully refurbished and painted with new slats installed

**Noticeboard**  
new free standing large metal noticeboard to be installed with double glazed doors to replace the existing noticeboard on the building

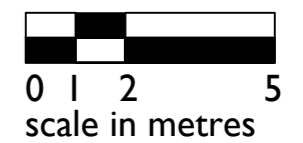

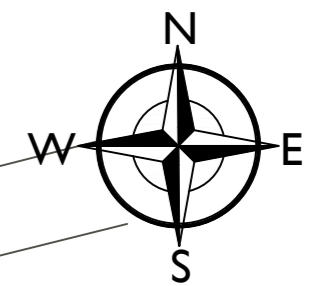

BUS STOP

**Raised Beds**  
existing raised beds to remain and fully replanted. Drainage to be checked and soil replaced to give trees better growing conditions. New planting to give year round colour and interest.  
Existing seats to be repaired and refurbished

**Planting Beds**  
fully replant the beds surrounding the Mercer Memorial, removing all soil to get rid of weeds. Plants to be low growing to give year round colour and interest  
Boundary railings to be repaired

**Memorial**  
potential to carry out minor repairs to the memorial including removing weeds and some repointing where required, subject to funding

**Parking Signage**  
liaise with car parking monitoring company to relocate the signage from the middle of the square
