#	IF YOU HAVE SELECTED 'OTHER' THEN PLEASE LET US KNOW WHAT ELSE YOU WOULD LIKE TO SEE INCLUDED IN THE PROPOSALS:	DATE

3	Signs on Royal Avenue saying residents parking only and additional parking at front car park	12/9/2019 7:03 PM
4	Improved security and lighting. No point suggesting extra seats and things as it just gets vandalised / anti social behaviour	12/9/2019 7:01 PM
5	Park rangers to patrol the park during the day and make people feel safe - know that there's someone to turn to if there's trouble	12/9/2019 6:54 PM

7	Updated play area	12/9/2019 6:42 PM

13	Better lighting Restricted areas for dogs	12/9/2019 5:36 PM
14	Play equipment is damaged and missing - other parks have received new equipment. New play equipment is needed - no care of attention from LA.	12/9/2019 5:34 PM
15	New noticeboard with Jubilee Centre on. Running evening sessions at the Jubilee Centre (would need investment to run a pilot and test numbers)	12/9/2019 5:25 PM
16	More dog poo bins Pot holes fixing in car park Cafe open at weekends	12/9/2019 5:19 PM
17	Bright planting / wild life area Pot hole repaired in car park	12/9/2019 5:18 PM
18	More community engagement to get people out	12/9/2019 5:16 PM
19	Changing places toilet, better lighting for safety, more activities for older children (11+) at the weekend and after school, better drainage to prevent flooding near Walmersley Road entrance	11/20/2019 12:43 PM
20	Cafe open more often including weeeknds, where dogs are allowed, like at the cafe in the Burrs	11/7/2019 11:01 PM
21	A cafe that's open to all with nice food and open consistently. Age UK cafe by Lido doesnt look welcoming for families/young kids and the Green cafe isn't always open and the food and coffee is not very nice	11/7/2019 1:48 PM
22	Accessible play equipment eg swing Aerial slide More spinning play apparatus	11/7/2019 10:54 AM
23	Improvement/repairs to childrens play area/equipment	11/6/2019 7:36 PM

26	Water feature / fountain ☐ More lighting around the pond and steps More litter bins ☐ Lily pads in the water.	10/25/2019 11:53 PM
27	Some colour around the Lido. The flower beds need some attention. Also picnic benches would be incredible.	10/25/2019 11:21 PM
28	Better drainage in the woods. Gets too boggy after some rain	10/25/2019 10:33 PM
29	Move or get rid of the skate park and make it something else. It has been nothing but trouble. More lighting, especially in winter when it gets dark early. Cameras on the car park, so it doesn't get used for drug selling. Or the people who do it may get caught for it.	10/25/2019 9:28 PM

Clarence Park Survey

30	Improved play are for the children, more monitoring by police/CCTV to stop antisocial behaviour	10/25/2019 8:44 PM
31	Interesting planting and growing activities	10/25/2019 8:32 PM
32	Better lighting around the lido for night time	10/25/2019 8:24 PM
33	A ranger or Park warden visibly about in the park. More use of the bandstand, Sunday afternoon concerts in the summer. Plant swathes of meadow flowers. Make more use of Chesham Woods and Nature areas involving schools like it used to be. Outdoor classes in the park.	10/25/2019 8:22 PM
34	More lighting. I do not feel safe enough to walk my dog through the park when it is getting dark as there is very little lighting, which I feel encourages groups to congregate in the park. The Lido area is very poorly lit and this prevents the childrens outdoor angling coaching sessions from continuing as the nights become darker earlier.	10/25/2019 7:09 PM
35	Fountain would look nice in the lake with Lily's around it Vegetation Around the edge of the lake in the water . Free WiFi CCTV for safety ,, and for them not cleaning up after there dogs .	10/25/2019 6:58 PM
36	Information points related to nature etc in/on the Lido. Improved access to the water for angling specifically for those with disability (ie grass area next to Lake eroded by water and geese.	10/25/2019 6:52 PM
37	The only problem we have noticed is there are 'undesirables' hanging around in the evenings. Recent reports of kids throwing fireworks at people and dogs haven't helped. Youth deterrent sounders in evenings might keep them away. Obviously I wouldn't want to discourage the good kids as the park should be for everyone but safety needs to be improved.	10/25/2019 6:39 PM
38	Refreshed children's play area	10/25/2019 4:42 PM
39	Internet access. Green vegetation around all of the lake, instead of just appearing like a concrete bowl.	10/25/2019 3:56 PM

Some carers who were at least in their late 40s and early fifties really struggled to get the bikes around the path way.	11/7/2019 9:31 PM
40	Less rubbish, better cafe, info on what the house is/was/history of the land.	11/7/2019 1:48 PM

53	Stop the feeding of the birds, people are dumping their unused food into the lido, this rots in the water and is one of the causes of the poor water quality and hence the algal bloom every year in summer	10/27/2019 10:49 AM
54	Definitely have toilet facilities and more events. It would be good to have more diverse trees planted all over the park - and maybe an azalea/acer garden alongside the stream boundary of Walkers Field.	10/26/2019 9:06 AM

58	Drainage. And more patrols to control youths	10/25/2019 10:33 PM
59	Bins emptied more often. Litter and dog poo bins. Get rid of or move the skate park, it's an eyesore, due to vandalism and gets used for things other than skateboards and bikes. Weeding and leaf clearing. Doesn't get done, makes the park look untidy and the leaves are very slippery. The people who cut the grass with driven lawnmowers don't churn up the grass and soil because they cut it when it's raining. Repairs, the iron railings near the natural park/ old bowling green, has been damaged for ages since a car crashed into them. There are railings broken and sticking out dangerously. 70	The Angling Club are doing a fantastic job in bringing habitat to life with planting around part of the lake. I would like to see this further extended. I would like the areas around the lake to be hard scaped as at present its just a mud bath. Also methods employed to discourage the Canada geese from feeding and subsequent excrement. steps need repairing near clubhouse.	10/25/2019 3:56 PM

24	What about some greenhouses to help support disabled children or children with SEMH needs an opportunity to learn about plants and growing plants. They could pot bulbs into pots, grow plants from seeds etc and even have a go at growing their own vegetable patch to sell to the cafe that is on site at the park and to family and the community to help help buy more equipment for the green houses and bulbs for the summer months, this way they could use the greenhouses all year round. It will reach them to become more independent and support them to socialise more with others.	11/7/2019 9:31 PM

29	I don't understand why the need for more tennis courts when there is a local club just round the corner.	11/6/2019 10:25 PM

36	Looks ok	10/27/2019 10:49 AM
37	No.	10/26/2019 3:59 PM
38	This map does not identify The Green café - which is integral to everything that goes on in that part of the park. I think the Arboretum could be expanded into an 'Arboretum Walk' that would take the visitor throughout the park and even possibly into Chesham Woods / Nature Reserve.	10/26/2019 9:06 AM
39	Public toilets There are no plans for the pond area on the map. A nice water fountain with lights at night would look wonderful and put the place on the map for Bury	10/25/2019 11:53 PM

47	For the Community centre to be open at weekends for food and drinks	10/25/2019 6:58 PM
48	Agree with all, would improve signage around the Lido re nature (birds, fish, insects) and probably about feeding large quantities of bread and the damage it can do. Steps from car park to Lido	10/25/2019 6:52 PM

51	Overall good plans	10/25/2019 5:51 PM
52	No	10/25/2019 5:43 PM
53	I don't know if you need both the children's area and the dog free zone. I know that quite a lot of dog walkers use that area to exercercise dogs who are a flight risk so it seems unfair they will loose that. Also it will be hard to enforce. Otherwise all seems ok doesn't look that much different.	10/25/2019 4:42 PM
54	improved signage and information points as you enter park from various angles. Signs not very well located at the moment.	10/25/2019 3:56 PM
